**“I am Minnesota’s Future” Video Contest on StudentsSpeakOut.org  
Consent and Release Form**

StudentsSpeakOut.org is a Web site, sponsored by the Citizens League, where students and adults share our experiences and ideas so we can help people who make decisions about our schools and our state (Minnesota) understand more deeply the issues that impact us and our ideas for solutions. We want to define the issues for ourselves, and identify solutions. Our voices deserve to be in the mix. We can inspire change!

I understand that a video I produced and/or appeared in for the “I Am Minnesota’s Future” Video Contest will be posted by the video’s producer(s) on StudentsSpeakOut.org. I agree that the Citizens League and its employees or agents may use, reproduce, modify, distribute, and publicly exhibit any aspect of the video I produced and/or appeared in, including any commentary I made during the interview, in whole or in part, without restrictions or limitation for any purpose that they deem appropriate. The Citizens League may use this material associated with my real first name and the name of the school I am affiliated with.

In return, Students Speak Out and the Citizens League will strive to represent me and my views in a professional and nonpartisan manner, and to discourage the use of any published material from being used for partisan or third party for-profit purposes.
